

WINTER ACCESSORIES

Cinch Your Style in Accessories

- Luxurious, flirty and at times a bit sexy. Winter hats stylize your look. Add a baker bot hat in velvet or leather for dramatic appeal. A wool beret with crystals or an embellished flower is chic.
- Textured tights add a dash of style to your winter outfit. Be bold in tights with a touch of metallics or design in one color palette.
- Adorn your ears in winter white fur earmuffs which looks striking.

Dressed to Kill in Stylish Outerwear

- Poncho's and capes with pizzazz such as a bold print or fur trim neckline make a statement. Be flirty in fringe.
- Be sophisticated in a belted plaid cape.

Polished Pizzazz with Gloves & Scarves

- Be styled to the nines in a fun winter scarf. Print scarves add pizzazz to basics. Choose a scarf with texture ends such as fringe or fur.
- Fur scarves add a bit of luxury to a sweater, blouse, or paired with a jacket. Style a fur scarf as an accent, not just to keep you warm.
- Slip into a pair of gloves that have fur, leather/suede combination, or embellishment. The more flair the better.
